ARTIST STATEMENT

Working with everyday objects in a framework of different mediums, Ben Gavin calls to attention the structures that we hold onto for better or for worse, whether they are historical structures or ideas of the present moment. Building on the Duchampian strategy of the ready-made, Gavin utilises the scraps, shards and general detritus of society, repurposing and restructuring forms to develop new meanings, references and possibilities. Graduating with Honours at Sydney College of the Arts, University of Sydney in 2010, the same year he was recipient of the Zelda Stedman Scholarship and guest curator at RMIT Galleries in Melbourne. In 2014 the artist was shortlisted for the prestigious International Franc Vila Emerging Art Prize.
