ARTIST STATEMENT

Jesús Manuel Bautista Velázquez
b 1993 México City. Lives and works in Mexico City.
Cyntia Daniela Huerta Bollás
b 1994 México City. Lives and works in Mexico City.

Simbiosis Collective are a pair of visual artists, Daniela Bollás and Jesús Bauitista, teamed up since 2016. We work and live in Mexico City, combining the visual arts, with our other interests in design, architecture and biology. Using various media that allows us to develop our artistic work, we exhibit installations, and propose works and situations that are constructed and adapted, from a dialogue with the space.
