ARTIST STATEMENT

b Austria. Lives and Works in Germany and France. To exchange the past with the future, that's my objective. Contemporary images that look old; time in limbo; decay signaling a new beginning... Order turns to chaos and chaos turns to order. By closing my eyes, I try my hardest to visualize this then to capture it, I use photography and paint on various materials: wood, aluminum, stone... I'm most interested in urban landscapes abandoned by humanity. My stone heads are fossilized humans, frozen in time from another world.
